Jet Fuel Crisis — Shaking Vietnam's Hotel Market

Feb 28, 2026: US/Israel strike on Iran → Middle East energy crisis → Asia jet fuel supply shock

Jet Fuel Price (MOPS)

\$220~230

per barrel / All-time high

Price Surge

+80~98%

vs. pre-crisis

Vietnam Airlines Cuts

23 flt/week

7 routes suspended from Apr 1

Fare Increase

+5~20%

60%+ Asian carriers

Key News Facts

- Vietnam imports 75% of jet fuel from China & Thailand → both halt exports
- Petrolimex & Skyppec: supply guaranteed through Q1 only, Q2 uncertain
- Vietnam reserves: 20 days — only 20% of 75–90day target
- Hai Phong–Cam Ranh (Nha Trang) & Hai Phong–Phu Quoc routes confirmed suspended
- Bamboo Airways & others cut routes + Korean carriers rapidly reallocate to Japan (summer: 245 intl routes / 4,820 flights/week)

Direct Impact on Hotel Market

- Inbound seat supply drops → short-trip & impulse travel demand hit
- KR FIT & family travel hit hard (fuel surcharge ₩75K–91K per booking)
- OTA flight-linked demand falling simultaneously
- Booking gap opening just before Apr–Jun peak season
- Price hike → conversion rate decline (vicious cycle) + Cambodia scam fallout triggers SE Asia-wide avoidance
- ★ Without early action, Q2 vacancy will solidify

Key Risk:

April jet fuel crisis expected to drag occupancy in leisure cities (Nha Trang · Da Nang · Phu Quoc). Partners who move first will defend Q2 against vacancy.

Chinese Visitors	5.28M (#1)	~4.5M (-30%)	~6.9M
RevPAR Trend	+17% (Asia #1)	+2–3% (stagnant)	ADR World #2
April Risk	Jet fuel cuts — direct hit	Cambodia scam + border dispute fallout	Exit tax 3× (July) + summer capacity explosion
OMH Opportunity	★ First-mover window	Leverage price competitiveness	Expand chain deals

OMH Strategic Insight

- Cambodia scam center crisis (KR -20.6%, travel alert Lv.4) triggers SE Asia-wide avoidance → airlines rapidly reallocating to Japan & China. Korea summer international: 245 routes / 4,820 flights/week (YoY+)
- Japan: Summer (3/28–10/24) capacity surge. Asiana Tokyo 8x/day; Busan–Miyakojima new (Jin Air). Air China Japan -56% (182→80 flt/wk) but China–Japan Haneda 2× expansion agreed (from 2027.3)
- Japan exit tax ¥1K→¥3K (July) + duty-free reform (Nov) + 2028 JESTA pre-approval. Osaka congestion → Fukuoka/Naha/Sapporo dispersion opportunity. Da Lat closure (3/4–8/25) redirects VN demand to Nha Trang & Phu Quoc

Now Is the Time to Act

- 1 The jet fuel crisis creates a demand shock — but for partners who act first, it is an opportunity.
- 2 OMH can fill your occupancy through KR, CN, India & Russia channels — independent of flight availability.
- 3 Time-limited B2B private rates protect your ADR while filling vacancies.
- 4 Without an agreement now, Q2 vacancies will harden — this is the window.
