surge — new source market

**Threshold signal**

Domestic flights -7.5% — shift to train/bus begins

Apr 30–May 1 holiday: 12M nationwide (+14.2%) — yet domestic flights fell.

Vol.19 key insight: 'Go, but spend less' — cost threshold crossed → mode shift

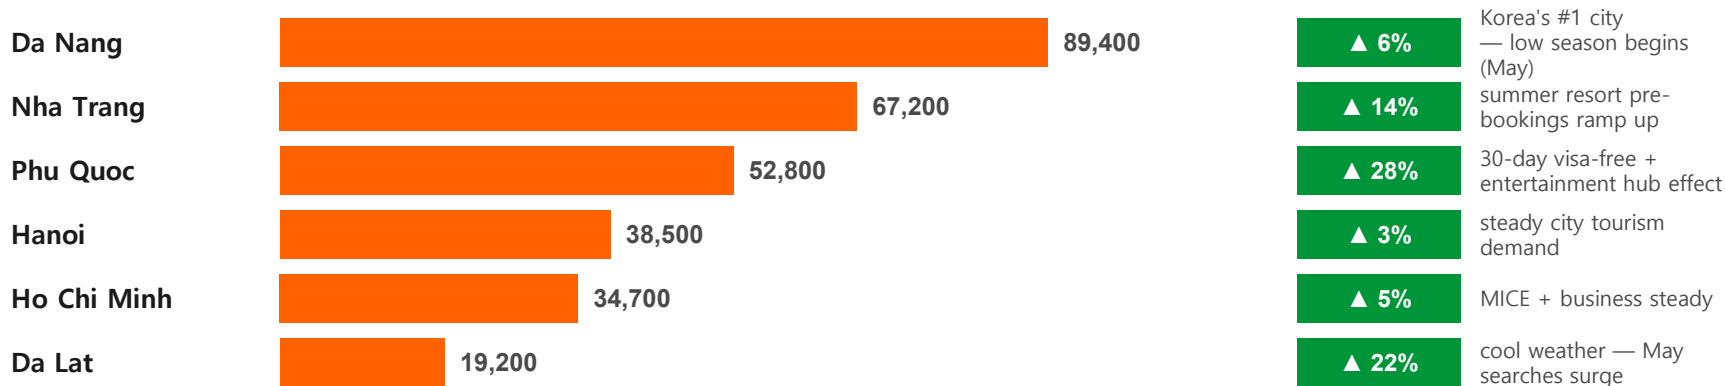

Apr 30–May 1: HCMC 1.7M over 9 days / first Europe charter to VN (already secured)

May Top + change vs April

Source: Naver search volume + Skyscanner-Agoda trend estimates (Korean outbound keywords)

Korean "VN city + travel" searches — Da Nang-Nha Trang-Phu Quoc resort cities dominate. Searches hold up despite May rainy season.

Korean "VN city + travel" relative search volume (as of May)

Partner action: Da Nang-Nha Trang-Phu Quoc = top 3 Korean-demand hubs, secure peak rooms. Da Lat +22% = new entry opportunity

In low season, ease off rate. OCC is the answer.

Da Nang·Phu Quoc: ADR ↑ strong. Hanoi·HCMC: hold OCC.

BDP+Partners: Da Nang OCC 70-75%. Coastal: RevPAR; urban: OCC first.

City strategy · Summer OCC × ADR outlook (vs summer 2025)

City	Strategy (RM action)	OCC	ADR
Da Nang <i>19 flights/day from Korea, hold OCC 70-75%</i>	ADR ↑	+10~15%	+5~10%
Nha Trang <i>summer resort pre-book +14%, family packages</i>	ADR ↑	+8~12%	+3~8%
Phu Quoc <i>May searches +28%, 30-day visa-free + entertainment hub</i>	ADR ↑	+15~20%	+8~15%
Da Lat <i>May +22% new entry, cool-weather appeal</i>	ADR ↑	+10~15%	+5~10%
Hanoi <i>summer heat + MICE low season, conservative</i>	Hold OCC	+0~5%	+0~3%
Ho Chi Minh <i>MICE business, rainy season</i>	Hold OCC	+0~5%	+0~5%

Da Nang·Phu Quoc·Da Lat: ADR ↑ strong in summer; Hanoi·HCMC: OCC first. The earlier you prepare rooms, the better.

How to turn Q2 trends into NET·ADR·OCC

Commitment

Peak-season key rooms

Pre-block peak-season rooms

MLOS 4+

Resort 2+ onward night

Da Nang·Nha Trang·Phu Quoc
— long beach-resort stays

Promotion

Advance Purchase

60–90 day advance

India Channel

New source market

+71% Indian arrivals
— new channel & rate plays

LM

Last Minute

0–3 day last-minute
— clear low-season rooms

FIT FIXED

Short fixed rate

Tet & summer-peak short lock-up

BAR

Cost protection

Key: domestic -7.5% = cost threshold. Pre-block key rooms + APR lock-up + diversify source markets

8.8M arrived. But flights shrank.

Air	→	Train · Bus
Sightseeing	→	Resort
Domestic	→	International

Demand is booming but cost-sensitive.

'Go, but spend less' = the threshold signal.

Opportunity rests on Da Nang-Nha Trang,
and on the hotels that move first.

Turn crisis into opportunity — partners who prepare first win the summer.

END · VN

Crisis into opportunity. Partners who prepare first win.
